

# RCN NI Ankle Brachial Pressure Index (ABPI)

For registered nurses working in a GP Practice

8 June 2022

10:00am – 1:00pm

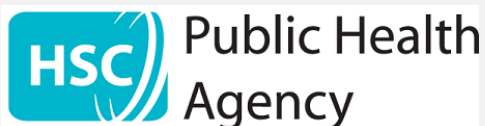

Crowne Plaza Hotel, Belfast

**This programme is for registered nurses working in a GP Practice and Primary Care Setting in Northern Ireland**

Learning outcomes:

- Provide a simple explanation of the Doppler Effect and how this is used to determine arterial flow
- Explain the correct procedure for calculating an ABPI
- Articulate a number of issues which can lead to inaccurate readings
- Practice the procedure.

**This programme is funded by the Public Health Agency**

What you need to bring:

- Handheld Doppler (and spare batteries)
- Sphygmomanometer

**Please note:** delegates should be prepared to bare their upper arms and feet for practice. If you are uncomfortable with this, please speak to the workshop leader on the day.

**Please book online using the link below:**
